

## Application for Magic Words 2020 Clinical Work Experience

### Details

Our Magic Words School Holiday Club provides intensive specialist input for children with diagnosed speech, language and communication needs during the school holidays.

We have a limited number of opportunities to work alongside our experienced SLTs at the club with small groups of 8 to 12 children. The groups will be run by 2 of our SLTs and we are looking for clinical work experience applicants to support them.

You will be taught strategies to support the development of the children. There will also be opportunities to learn about a range of speech, language and communication disorders and observe how they present. At the end of your time with us we'll provide you with a certificate of completion of your clinical experience and some constructive feedback to help you with your future career development.

Our groups will be running in Milton Keynes and Bedfordshire during the Easter, Summer and October half term holidays.
